

Name: Midnight Arcade

Description: Midnight Arcade is a retro gaming website inspired by the classic arcades of the 80's and 90's . The website will showcase a popular games catalogue from that time period , and the history of gaming through colorful and interactive pages. Visitors will be able to explore a gallery of classic games, and learn interesting facts about how gaming has evolved over the years. The site will use javascript features such as slideshows, image galleries, and interactive buttons to make the site more engaging. The overall design will be neon colors with a dark arcade theme.

List of pages:

- Home
- Games – gallery of classic games and descriptions
- Arcade gallery – Screenshots and posters, and maybe a lightbox javascript element
- History – History of gaming 1970's – today with a interactive timeline element
- Arcade soundtracks / pixel art gallery
